RE: 2015 Annual Report for EXP/023/0105; S/023/0103

Dear Wayne;

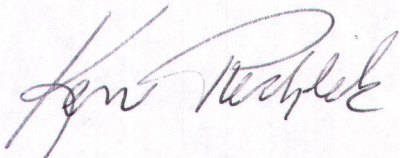

Enclosed please find the annual reports for both the Exploration and Small Mines permits for N.P.R. (US) Inc. (dba InZinc Mining, Ltd). Please note that there was no disturbance of any sort during 2015. As with last year, this was due to the poor economic conditions for base metal development throughout 2015. The ground is in the same condition as when you last inspected it and in fact, there is less visible trace of the roads traversing the lake gravels.

I will contact you 60 days prior to the start of drilling to confirm the extent of the 2016 program and provide you with a new map at that time.

Please note the annual filing fees for both reports (\$150 each) are being handled via credit card through Ms Berry of your department.

Please let me know if you need additional information.

Best regards,

Ken Puchlik
